

How are My Appointments Scheduled?

Our office attempts to schedule appointments at your convenience and when time is available. Preschool and young children should be seen in the morning because they are fresher, have more energy, and are more attentive. Children in school that require extensive dental treatment should also be seen in the morning for the same reasons.

While dental appointments are an excused school absence we try to schedule our older children and teens first thing in the morning or after school if possible. We understand our patients scheduling needs so our office is usually open on holidays and during vacations for your convenience.
